Girls Under Age.The Camp Friends, a subsidiary
organization of the Missouri Fed-
eration of Women's Clubs, Eighty-
four, has undertaken the task of
censoring the conduct and bathing
attire of pleasure-seekers on the
Meramec River, between Penton
and Pacific.William A. Rosenthal of 6211 Et-
zel avenue, a special deputy sheriff
of St. Louis County, will be the ex-
ecutive officer, and will work in
connection with the women's or-
ganization, beginning tomorrow. He
is 36 years old, and is a former pi-
lot in the United States Air Ser-
vice.The program of the Camp Friends
which Rosenthal expects to carry
out, with the help of such other
deputy sheriffs as may be needed,
is:To require bathing suits that
cover the body. There is no objec-
tion to one-piece suits as such, or
to stockingless costumes which
come down to the knees.To stop spooning in canoes and
on railroad trains.To stop the singing of objec-
tionable songs in camps and in
canoes, by arresting the singers

where girls under age are staying.
To close objectionable resorts
along the river.Mrs. Fred Johnson of Webster
groves, explaining the plans to a
Post-Dispatch reporter today, said:
"We do not intend to interfere in
any way with clean and healthful
recreation; we wish to promote it
and encourage it. At present, it is
discouraged by conditions which
have arisen for lack of control and
supervision."The owners of concessions along
the river are backing this movement.
They realize that a clean-up of the
river would be profitable to them
if conditions are improved. The Frisco
and Missouri Pacific railroads have prom-
ised us to enforce rules against
spoofing on the trains to and from
Valley Park.Bad Spots Are Known.
The Camp Friends have been at
work two months, and have mapped
out the entire resort region on the
Meramec, and we know where the
bad spots are. One of our three
chairmen will try to be at the river
every Saturday and Sunday this
summer. Members living in the
Meramec district will act as chap-
erons in cases where they are needed.We wish to do our work by per-
sonal counsel and reprimand as far
as we can, but arrests will be made
when necessary. Certain women who
have frequented the Meramec are
going to be driven out. Any camps
or dubbous which have to be va-
cated because of this clean-up move-
ment will be taken by persons of a
desirable sort, as there is plenty
of demand for accommodations
along the river."The three chairmen of the Camp
Friends are Mrs. Johnson, Mrs. Rob-
ert Powell of Kirkwood and Mrs. P.
M. Harris of 5727 McPherson avenue.
Rosenthal has had experience as
an unpaid special deputy. He was
elected on a salary by the county in
order to do the work known as the
women's organization. He said to-
day that he would first familiarize
himself with conditions on the river,
using the maps prepared by the
women, and that if he finds occasion
to conduct a raid, he will "make it
happy."The members of the

ARE CHEATING, MILLER SAYSHead of Police Board Tells Legion Men That the
More Dry Law Is Violated the More
Certain It Is to Stay."Five-sixths of the soft drink par-
lors are cheating—violating the pro-
hibition law," Victor J. Miller, pres-
ident of the Police Board, said in a
luncheon talk today to Fred W.
Stockham Post of the American Leg-
ion, at the American Annex Hotel.
"The prohibition law and its viola-
tions cause the Police Department 50
per cent of its trouble," Miller said.
"But remember, the more the pro-
hibition law is violated, the more
certain it is to stay.""Few here would refuse to pur-
chase a pint of liquor for \$6—and I
admit it would be a bargain—but
are you living up to your obligations
to maintain law and order, when
you do this? What about the news-
boy or the bootblack who sees you
violate the law and make a joke of
it? Will he be more or less ready
to violate the laws against theft,
and other crimes when the tempta-
tion comes to him?"Tells of Bonding Evil.
Miller said that, before the ap-
pointment of the present Police
Board, 20 per cent of the activity
of the Police Department was for
the protection of crime and thebenefit of criminals. He told of the
easy release of highwaymen on
bond, and their further crimes while
thus at liberty. The present board,
he said, has tried to make this prac-
tice of bondsmen difficult.The enemies of the Police De-
partment are fighting us because we
have tried to break up their little
gangs and little grafts. But we have
been able to point to results in re-
duction of crime. A holdup is an
event now, not a regular condition.
Sixty-eight hours passed last week
without a burglary, a robbery or a
theft of an automobile. That is a
record unequalled in the history of
the Police Department.Friends Are Troublesome.
"The only really hard task I have
had has been to turn down my
friends. Some prominent members
of the Republican party thought the
new Police Board would fix things
for their benefit, to let them violate
the law. I made it clear to them that
when the Republican party can't re-
main in power except by protecting
lawbreaking, I shall get out of it."Miller repeated his advice to poker
players not to get caught, and, if
caught, not to complain of the en-
forcement of the law.ST. LOUIS ENGINEER, 41 YEARS

De Soto street, a Missouri Pacific
locomotive engineer, died in his en-
gine cab this morning, a few minutes
after his train, a southbound Iron
Mountain local passenger train, had
left De Soto, 45 miles south of St.
Louis.The train, No. 33, left Union Sta-
tion at 7:20 a. m., and left De Soto
at 8:40. George Wisdom, the fire-
man, saw Staley slide from his seat,
and stopped the train. He backed
into De Soto shortly before the ar-
rival of the Sunshine Special, a fast
Texas train, northbound.Heart disease is believed to have
caused Staley's death. He had been
in the service of the Missouri Pacific
as an engineer 41 years, and reached
his seniority as a passenger train
engineer 15 years ago. He is sur-
vived by his widow. The body will
be brought to St. Louis for burial.TWO-YEAR SENTENCE FOR

MRS. ORTHWEIN IN
FINAL ARGUMENTAttorney Declares She Made

OF DEATH PENALTYZiegler's Father Wipes Tears
From His Eyes—Counsel
for Defense Tells Jury
World Expects Acquittal.Special to the Post-Dispatch.
CHICAGO, June 24.—Attorneys
for Mrs. Cora Isabelle Orthwein
pleaded for her freedom today be-
fore a jury in the Criminal Court.
Attorneys for the State demanded
her imprisonment. Fierce arguing
marked the session. There were
charges of conspiracy, impeachment,
loose living, cries of wrongdoing.
The State demanded that the jury
convict Mrs. Orthwein for killing
her husband, Peter Ziegler, and set
up an object lesson for other offenders.Attorney Guenther talked first in
behalf of Mrs. Orthwein during the
morning session. His co-counsel,
Attorney Shulz, followed him.Mrs. Orthwein sobbed and smiled
in turn when Heth at the opening
of court continued an arraignment
which he began yesterday. Her fin-
gers trembled as she held a hand-
kerchief to her face. She shrunk
down in her chair when her attorney
made mention of the death penalty.
A few feet behind her, her sister,
Mrs. Jack Clifford, cried.Two chairs away from Mrs. Orthwein,
her father, Peter Ziegler, father of the slain man, wiped tears
from his eyes.State Demands Prison Term.
Guenther followed Heth's de-
mands for a penitentiary sentence by
assuring the jury that the world
thinks Mrs. Orthwein should have
her liberty."Cora Orthwein did nothing to
make Herbert Ziegler brace up,
change, stop his drinking, and be-
come a respectable man," Heth de-
clared. "She patted his hair at 6
o'clock and sent him away intending
to meet him at 10 o'clock at the
Green Mill Gardens, and she took
him with her. Time after time she
assisted him to get drunk.""Here is the point of the case: She
shot Herbert Ziegler through the
back in a spirit of revenge. She is
filled with remorse now. She says
she loved him. It was remorse when
her attorney questioned her. It was
revenge when I questioned her. She
is the type of woman who can sit
in this courtroom and listen to an ex-
coriation of the crime she committed
and the life she led and never bat
an eye. The life she has led has
hardened her.""If Cora Orthwein shot Herbert
Ziegler as she said she did; if he
had been stooping for a settee to
brain her, the bullet would have
ripped through his right shoulder.
But the physicians say that the bul-
let hit his back. Which one are you
going to believe?"In his statement to the jury late
yesterday Prosecutor Heth implied
that the death penalty should be
given. "Ziegler was found shot
dead," he said. "She still lives and
has her freedom. Both should be
equally punished. Both played the
same game. Both should pay the
same penalty."Mrs. Orthwein wept when she
heard Heth's plea."I do not stand here," he said to
the jury, "as a champion of Her-
bert Ziegler, the man who left his
wife and daughter for this woman.
This jury must accept him as a
wrongdoer; but so was she. She
played the game until he began to
tire of her. Then she learned that
he had been seen kissing another
woman. The next day Ziegler was
found shot dead. She still lives and
has her freedom. Both should be
equally punished. Both played the
same game. Both should pay the
same penalty."The jury was asked to return a

Question in Fight for
Child's Custody.By the Associated Press.
SAN FRANCISCO, June 24.—Su-
perior Judge Thomas F. Graham to-
day is weighing the deductions of sci-
ence and art against the declaration
of a mother in determining the pa-
ternity of 7-year-old Eugene Sorine,
to decide whether Julius Sorine or
Mrs. Marie del Secco, who were hus-
band and wife when the child was
born, should have custody of the child.Dr. Arthur Abrams reported to the
court that a test of the blood from
Sorine, the lad, and his mother,
showed that the boy was Sorine's child,
which was denied by Mrs. del Secco.
"Her mother knowledge belies his
findings," declared the woman's at-
torney, who had expected the test to
support her statements.Haig Patigan, San Francisco sculp-
tor, was called to make observations
of the cranial characteristics of
Sorine and the boy, and his report,
which was expected to be of great
value, showed, he said, peculiarities
common to both.SEVEN KILLED IN COLLAPSE

holes medal play.Best Rounds on Record.
The aggregate of 296 made by the
two players in the 72 holes is the
lowest ever scored in an open cham-
pionship at St. Andrews.When the third round ended early
this afternoon Jim Barnes of New
York and Alexander Herd, former
British open champion, were leading
the field with aggregates of 222.
Wethered was sixth on the list and
Hutchison eighth, the former being
tied with Walter Hagen of Detroit at
225 and the latter with his fellow
American, Tom Kerrigan of Siwanoy,
at 226.The fourth round, however, wit-
nessed wonderful golf by both
Hutchison and Wethered, the Chicago-
an scoring a 70, equaling the
course record, while the English
player made a new amateur record
for St. Andrews, with a 71.Should he defeat Hutchison he will
be the first amateur winner since
1897.Scores for the fourth round and
the total were:

the second American girl to assume
the title. The civil ceremony, which
lasted three minutes, took place in
the British Consulate and was per-
formed by H. G. McKale, the British
Consul.Miss Deacon was attended by the
Comtesse du Roizovray. Other
persons present included witnesses
and Eugene Higgins, a cousin of
Miss Deacon, and several American
and British newspaper men.The first Duchess of Marlborough,
before her marriage to the Duke,
was Consuelo Vanderbilt of New
York. She obtained a decree of ab-

DUBLIN, June 24.—Eamonn de
Valera, the Irish Republican leader,
was arrested Wednesday night near
this city and later released. It was
definitely established today. There
had been earlier denials that he had
been apprehended.

It appears certain that De Valera
was arrested either in error or
through over-zeal on the part of the
officials concerned.

The arrest, it is understood, took
place at Black Rock, County Dublin.
The prisoner was detained for the
night and, his identity being learned,
he was released yesterday afternoon.

It was supposed at first that a
man resembling him had been ar-
rested, and on this ground the Sinn
Fein authorities denied the reports.
As a matter of fact, it is declared
there is no intention on the part of
the authorities in Ireland to arrest
De Valera. This statement would
appear to be borne out by the fact
of his being released when his iden-
tity was established.

Police Barracks Bombed in Cork;
Woman Killed in Street Fight
CORK, Ireland, June 24.—Police
barracks were bombed and there was
general street fighting in this city
last night, one woman being killed
and three girls and three men
wounded. The disorders began at
about 7 o'clock when four civilians
in a motor car threw a bomb at a
police station and another at a bar-
ack.

The casualties occurred in subse-
quent fusillades between the police
and civilians.

Three Soldiers Killed When Bomb
Wrecked Troop Train.

BELFAST, June 24.—Three sol-
diers and a train guard were killed,
and some 30 soldiers and assistant
train guards were injured when a
troop train carrying soldiers from
Belfast to Dublin was wrecked by
the explosion of a Sinn Fein land
mine at Abercrombie, near Dundalk,
today.

An official statement issued this
afternoon giving the number of casu-
alties, said that about 30 horses
were killed in the wreck or had to
be shot owing to their injuries.

Soldiers who saw civilians run-
ning away from the scene of the
wreck fired at them, shooting to
death two unidentified persons.
Two mines were employed. Evidently
they had been placed after the
passage of previous troop trains.
A rail also had been raised.

The train carried 104 men and
113 horses. The soldiers were un-
der the command of Lieutenant-
Colonel Lord Francis George Mon-

\$417,000,000 AND 106,000 MEN AGREED ON FOR NAVY

Conferees Add \$21,000,000 to Sum Approved by
House, but Compromise Is \$79,000,000
Under Senate Estimate.

WASHINGTON, June 24.—A na-
val bill, carrying total appropria-
tions of \$417,000,000, and providing
for a personnel of 106,000 men, has
been agreed upon by House and
Senate conferees, with the settle-
ment of many minor differences
which had held up the measure.
The compromise bill, as agreed
upon yesterday, represents an addi-
tion of \$21,000,000 to the sum
originally approved by the House,
and a reduction of \$79,000,000 from
Senate estimates. It will be sent

back first to the House for approval,
and then to the Senate.
Among the Senate provisions elimi-
nated by the conferees was the ac-
quisition of a submarine and de-
stroyer base at Guam, completion of
the New London, Conn., submarine
base and construction and procure-
ment of aviation equipment to cost
about \$6,000,000.
As now written, the bill includes
the Borah amendment authorizing
and requesting President Harding
to enter into negotiations for a na-
val disarmament conference with
Great Britain and Japan.

JUDGE SETS ASIDE DIVORCE GRANTED TO WIFE OF PHYSICIAN

Attorney for Dr. J. Roy Compton
Declares Defendant Was Not
Notified of Trial.

Circuit Judge Killen today set
aside a decree of divorce granted by
his last Wednesday to Mrs. Edna
Marie Compton from Dr. J. Roy
Compton, proprietor of Lafayette
Hospital, 2337 Lafayette avenue,
when a lawyer for Dr. Compton
appeared in court and said the doctor
desired to contest the suit. The de-
gree had been granted by default.
Mrs. Compton had been awarded
\$250 a month alimony and the cus-
tody of her three children. Her suit
alleged that Dr. Compton paid too
much attention to a nurse at the
hospital and to a woman boarder at
their home.

The physician's lawyer declared
that another lawyer, engaged to con-
test the suit, had failed to notify
Dr. Compton of the trial and the de-
fault decree resulted. An answer
filed by the physician made a gen-
eral denial of the charges. Dr. and
Mrs. Compton were divorced once
before in January, 1918, but soon
remarried.

SETS DISCOUNT AT 6 PER CENT

Discontinuance of the progressive
discount rates of the St. Louis Fed-
eral Reserve Bank was announced
yesterday. This leaves a flat 6 per
cent discount rate for all banks.
Loans and maturities to member
banks, except bankers' acceptances
discounted, which carry 5 1/2 per
cent interest.

The progressive discount rate be-
came effective here May 25, 1920.
It tended to counteract inflation.
Its discontinuance is viewed as one
of the indications of a return to nor-
mal conditions. The effect of the
progressive discount rate was the
charging of a larger rate of interest.
The effect of its continuance will be
a lowering of interest. Bankers' ac-
ceptances, purchased in the market,
are subject to agreement as before.

ST. LOUIS HEADS OPTIMISTS.
SPRINGFIELD, Ill., June 24.—C.
C. Williams of St. Louis today was
elected president of the International
Optimists' Club. Kansas City was
selected as the place for the 1922
convention to be held June 21 to 22.

tagu Douglas Scott, who was not in-
jured.
It is believed the mines were ex-
ploded by a time fuse. The soldiers
on board were the Tenth Hussars.
The last compartment that contained
soldiers caught the force of the ex-
plosion. This car was derailed and
14 of the 15 trucks following were
overturned.
As the train was reaching the lo-
cality, the troops reported after-
wards, they had noticed various sig-
nal fires on the mountains in the vi-
cinity.

BODY OF YOUTH, 19, IS FOUND IN WELL; STEPMOTHER HELD

Woman in Jail at Carlin-
ville, Ill., With 14-Months-
Old Baby, After Discovery
at Greenridge.

CARLINVILLE, Ill., June 24.—
The mutilated body of Thomas Har-
mon, 19 years old, was found weight-
ed down in a shallow well near his
home at Greenridge late yesterday.

Blood stains on the kitchen walls
and the report that Harmon had
quarrelled with his stepmother, Car-
line Harmon, 34 years old, led to
her arrest. She is in jail here with
a 14-months-old baby.

Mrs. Harmon protested her inno-
cence, and explained that the stains
on the kitchen wall resulted from at-
tempt to kill a chicken in the house.

Kidnaping Story.
Mrs. Harmon gives credence to a
kidnaping story. The boy's grand-
mother, Mrs. Martha Harmon, re-
ceived a letter Wednesday, she said,
purporting to be from the boy, in
which he declared he was held for
ransom by kidnapers. He directed
his grandmother to ask his stepmoth-
er if she remembered the number of
the car in which he was carried
away.

Officials investigating the case de-
clared they found evidence which in-
dicates the youth was slain in his
stepmother's home and his body
dragged to the well.
Harmon's father and his stepmoth-
er, found by Berry Pickers.
The letter, which apparently bore
the signature of the youth, was post-
marked Gillespie, Ill.

Corner Jacoby said he believed
Harmon had been dead several hours
before his body was placed in the
well and that it was several 36 to
48 hours later that the body was
found by G. J. Wallace, a neighbor,
who was picking berries.
Mrs. Harmon, the stepmother, said
the last she saw of the boy was Sun-
day morning when an automobile
containing three men stopped in
front of their home and the boy
climbed into the machine.

KANSAS ESTIMATES HER WHEAT CROP AT 112,914,000 BUSHEL

Latest Figure Is 10,000,000 Bushels
Higher Than Federal Govern-
ment's Estimate on June 1.

TOPEKA, Kan., June 24.—The
Kansas wheat crop for the year ending
May 31, 1921, is estimated at
112,914,000 bushels, in the
monthly crop report issued today by
N. C. Mohler, Secretary of the Board
of Agriculture.

This is 2,400,000 bushels less than
estimated in the May report, but
19,000,000 bushels more than the
June 1 report of the United States
Department of Agriculture.

FEDERAL WARRANTS AGAINST FOUR HELD IN \$17,500 HOLDUP

Charge of Theft From Inter-
state Shipment Made on
Application of Agent for
Express Company.

Federal warrants alleging theft
from an interstate shipment, issued
last night at Springfield, Ill., against
four men held here in connection
with the theft of a safe containing
\$17,523.65, payroll money, from a
Railway Express Co., in Granite
City, Ill., last Monday morning, were
forwarded today to the United States
Marshal here for service.

They were sworn to by George P.
Huster, special agent of the ex-
press company, which, at the time
of the theft, was transporting the
money from the St. Louis office of
the National Lead Co. to the Gran-
ite City factory of the company, the
safe having been shipped by rail-
road from St. Louis to Granite City.

The three men charged with the
actual robbery are James Traynor,
30 years old, of 4112 Lafayette ave-
nue, who has been tried twice in the
Circuit Court this year on felony
charges and acquitted each time by
a jury; Clement Forestal, 23, of 4207
Delmar boulevard, and Walter
O'Malley, 23, of 225 Broadway, Ven-
ue, who have been in custody since
1:15 a. m. Tuesday, when they
were arrested in a raid at Traynor's
home, and when policemen found in
the house an automatic pistol, a re-
volver, a shotgun, a rifle, several
pounds of ammunition, a pinch bar,
drill, sledge hammer and saw.

Automobile Is Identified.
The fourth man under arrest is
Herman Weiss, 18, of 2715 Dayton
street, who, the police say, is part
owner of a maroon-colored Hudson
touring car found in a garage on the
west side of Glasgow avenue be-
tween Dayton and Dickson streets,
and which has been identified as the
car used by the robbers. The back
curtain of the automobile had a bul-
let hole.

John Bushnell, proprietor of a sal-
oon at Nineteenth and A streets,
Granite City, across the street from
where John Metro, 2600 Nineteenth
street, and Albert O. Powell, of 2410
Dewey avenue, driver and messen-
ger for the express company, were
held up, has identified the automo-
bile as the one used by the robbers.
He fired a shot at the machine as it
was leaving the scene of the robbery.
As has been told, Metro and Pow-
ell were on their way from the Chi-
cago & Alton Railroad station to the
Granite City plant of the lead com-
pany, when four men stepped from
an automobile and ordered them to
get down from their wagon. Two of
the robbers covered Metro and Pow-
ell with revolvers and the other two
robbers lifted the safe from the
wagon into the automobile. A fifth
man remained at the wheel of the
automobile.

Metro and Powell looked at the

prisoners at Police Headquarters yester-
day and then held a whispered
conversation with special agents of
the express company who had ac-
companied them, after which it was
announced by the agents that the
witnesses had identified Traynor,
Forestal and O'Malley. Previously
Metro and Powell had inspected pic-
tures of highwaymen in the rogues'
gallery and had picked out, as re-
sembling the robbers, the photo-
graphs of five men, none of which
was that of any of the prisoners.

Immediately after the robbery
Metro and Powell informed the police
of Granite City that they believed
the robbers were foreigners. Bush-
nell said yesterday that O'Malley
looked like a man who had visited
his saloon on several occasions prior
to the robbery. The express com-
pany Wednesday offered a reward
of \$1000 for the arrest and deten-
tion of the robbers.

Prisoner's Partner Sought.
The police are seeking a man who
was in partnership with Weiss in
the ownership of the automobile. Special
agents of the express company in-
formed the police that the license
number on the automobile taken by
the police corresponded with a
number furnished by wit-
nesses of the robbery. The police
have not obtained the names of these
witnesses.

LINEMAN KILLED BY SHOCK AND 35-FOOT PLUNGE FROM POLE

Elmer Buesing Said to Have Strad-
dled Wires on Which Insulation
Was Worn.

Elmer Buesing, 21 years old, of
2715 A Blair avenue, a lineman for
the Bell Telephone Co., was shocked
and fell from a pole at Fourth and
Lynch streets while making repairs
at 5 p. m. yesterday. He was dead
when an ambulance reached the city
hospital.

Emil A. Schneider, 4434 A Penrose
street, foreman of the crew for the
telephone company, told the police
afterward he made a personal in-
vestigation of the wires strung up
the pole where Buesing was at work
and found that a wire of the Union
Electric Light and Power Co., with
the insulation worn or burned off,
had crossed the Bell wires, causing
Buesing to be shocked as he strad-
dled the wires. Buesing fell 35 feet
from the pole.

GRANDFATHER OF ALL AUTOS

PARIS, June 24.—The fashion-
able Champs Elysees rubbed its eyes
the other day when the grandfather
of all motor cars, a 30-year-old Pan-
hard belonging to Abbe (Garcia) of
Raintreuil, puffed its way west-
wardly under the Arc de Triomphe
and headed down hill toward the
Place de la Concorde, driven by the
Abbe himself. The car made fully
six miles an hour on its way to
Paris, and had neither a blowout
nor a breakdown. The former
couldn't well happen, because the
tires were solid rubber.

The car was to be sold at auction
for the benefit of the Picardy Relief
Fund.

C. OF C. WILL DONATE TRACT FOR HOSPITAL

Forty-Five Acres to Be Added to
Site if Government Selects
Barracks Location.

President Carter of the Chamber
of Commerce last night telegraphed
Senator Spencer that the Chamber
of Commerce would buy and donate
to the Government 45 acres of land
to the south of the Jefferson Bar-
racks reservation as part of the tract
for the proposed new United States
Public Health Service Hospital. Efforts
are under way to have this
hospital established in St. Louis. It
would cost about \$2,500,000.

It has been suggested that a tract
of 180 acres in the Barracks reser-
vation, to the southeast of the mili-
tary post, be used for the hospital
site. First plans were for a tract of
300 acres, but it is thought the addi-
tion of the 45-acre tract adjoining
on the south will make the grounds
sufficiently large. This combined
site extends from the Mississippi
River bluffs to Telegraph road and
is adjoined on the south by Koch
Hospital grounds. The grounds are
heavily wooded.

Quarry Affords Siding Site.

There is a rock quarry in the bluff
front of the 180-acre portion and
here it has been suggested a station
and siding might be placed on the
Missouri Pacific Railroad's southern
line. A proposal to use a site at the
northwest corner of the Barracks
reservation was dropped when army
officers declared it might be needed
for maneuvers.

The cost to the Chamber of Com-
merce of the 45-acre tract is not
known. No option has yet been
taken. Col. Charles M. Pearsall, as-
sistant Inspector-General of the Na-
tional Homes for Disabled Soldiers,
has been here to inspect proposed
sites for the hospital. Carter's tele-
gram to Senator Spencer was as fol-
lows:

Col. Pearsall was favorably im-
pressed with southeast site. Also
present were Capt. W. W. White,
representing Col. Clifford, assistant
Secretary of the Treasury, and Cap.
Field of the Surgeon-General's of-
fice.

Col. Parker Approves Plan.

Col. Parker (commandant of
Jefferson Barracks) will support
turning over southeast site. If Gov-
ernment will condemn this, Chamber
of Commerce will acquire and don-
ate 45 acres adjoining on south,
deemed necessary to round off the
site. A Washington dispatch in the
St. Louis newspaper yesterday, quot-
ing you, says St. Louis must wake up
and press the War Department. Our
campaign through yourself and rep-
resentatives has been directed largely
towards the Hospitalization Com-
mittee (of five physicians) up to now.
Have carried out all your sugges-
tions and if you so advise will send
delegation to Secretary of War at
once.

GOVERNOR NOT TO FILL POLICE BOARD VACANCY

Hyde Announces Board Is Func-
tioning Nicely and He Sees
No Need of Appointment.

The vacancy in the St. Louis Po-
lice Board, caused by the resignation
of Stewart McDonald, will not be
filled, Gov. Hyde announced at Jef-
ferson City today. The Governor
said his present intention was to
leave the place vacant for the rest
of his four-year term.

In a letter now in the Governor's
hands, McDonald refused to recon-
sider his resignation. Several names
have been suggested for filling the
place but the Governor sees no need for
naming anyone. The present mem-
bers of the board are Victor J. Miller,
chairman; Philip H. Brockman and
William Young, the Governor's ap-
pointees, and Mayor Kiel, ex-
officio.

"The board is now functioning
nicely," Gov. Hyde said. "The re-
cords indicate a decrease in crime,
and Mr. Brockman is effecting a
large saving in funds. I see no ne-
cessity for filling the place."

Factional differences here are be-
lieved to furnish a further reason
for the Governor's decision, as it
would be difficult to satisfy the po-
liticians, and a political appointment
might introduce an element of dis-
cord into the board.

Doctor Hurt When Car Hits Auto.

Dr. Hudson Talbot, 47 years old,
of Riverview Gardens, St. Louis
County, was injured at 8:30 a. m. to-
day when his automobile was struck
by a northbound Broadway street car
at front of 6809 North Broadway.
At the city hospital it was said he
was suffering from lacerations of
the right arm and probable fracture
of the right arm and right leg. His
son, Charles, 12 years old, suffered
cuts.

LABOR FEDERATION SETS ELECTION FOR TOMORROW

Electioneering on Floor of
Convention Brings Warn-
ing From Gompers to Or-
ganizers.

GOMPERS CALLS HEARST TRAITOR

A. F. L. President Declares
Publisher Conducted Cam-
paign Against Him in His
Newspapers.

By the Associated Press.
DENVER, Colo., June 24.—Elec-
tion of officers, the demand of wom-
en for equal rights and privileges
in all labor unions, determination
of future relationship with Euro-
pean trade union movements and
jurisdiction of disputes are the ma-
jor issues still confronting the an-
nual convention of the American
Federation of Labor today.

Although the convention has been
in session nearly two weeks an
unusual volume of work remains.
Because of this, several delegates
announced that they would move to
hold night sessions in order that all
business could be transacted by
Sunday morning.

Electioneering on the floor of the
convention during the morning ses-
sion threatened to interrupt the
proceedings, and President Gompers
issued a warning from the platform
to organizers that they must not in-
terfere with the election of officers.

"No organizer has a right or priv-
ilege," he said, "to espouse the can-
didacy of any aspirant to office in
the American Federation of Labor.
To whom it may concern, I say,
take notice."

The convention voted to make the
election of officers a special order
of business for 10:30 o'clock tomor-
row morning.

Riot Inquiry Demanded.

The convention called upon Presi-
dent Harding to investigate the
strike riots at the Standard Steel
Car Co., Hammond, Ind., in Sep-
tember, 1919, and fix the responsi-
bility for the "issuing of guns" and
the death of four steel car workers.

The resolution charged that the
workers were shot down with riot
guns furnished by the United States
Government.

All organized labor in the United
States was requested to unite to "as-
certain the actual facts in relation
to the use of these barbarous weap-
ons, and to fix the responsibility
upon such individual officers, ser-
vants or representatives of the Gov-
ernment who shall be found person-
ally responsible for this great out-
rage against legal and natural
rights."

Enactment of legislation by Con-
gress providing "strict Federal con-
trol of the production and distribu-
tion of natural resources now pri-
vately held and privately developed,"
was demanded by the convention.

Six-Hour Day Plan Defeated.

The Secretary of War and the Sec-
retary of the Navy and Civil Service
Commission were called upon by res-
olution to immediately discharge
from the Government service all
alien employees who fail to qualify
for citizenship.

The convention unanimously re-
jected a proposal by the Central La-
bor Council of Seattle, Wash., for a
nation-wide campaign to establish a

Report on International Union.

The Committee on International
Relations, it was learned, will report
unfavorably to the two resolutions sub-
mitted to the convention by the
International Association of Machi-
nists and the Firemen's and Oil-
ers' Union, demanding that Presi-
dent Gompers immediately be in-
structed to raffle the federation
with the International Federation of
Trades Unions.

The machinists' delegation has an-
nounced its intention to put up a
fight to overthrow the committee's
report and obtain the adoption of
their proposal.

The announcement by John L.
Lewis of the platform on which he
is running for the presidency of the
federation brought a statement to-
day from President Gompers, who
declared, "It is not the right or the
privilege of any individual to make a
platform in the labor movement."

Lewis' Platform.

Lewis in his announcement yester-
day declared for nationalization of
the mines, Government control of
the railroads and other "progressive
policies."

"I am well enough known to the
wage earners," said Gompers, "as
having been faithful to the cause,
for the protection of their rights and
welfare, to make it unnecessary to
announce a declaration of the prin-
ciples upon which I stand."

"Under the principles which it has
adopted, the American Federation of

ALDERMEN PASS BILL FIXING GOLF AND TENNIS FEES

Measure Provides for Annual
Permit for \$5, or 15 to 25-
Cent Charge for Games
and \$1 for Tennis.

The Board of Aldermen, today, at
its final meeting before adjournment
for the summer, passed a bill fixing
fees for the use of the public golf
courses and tennis courts. It pro-
vides for an annual golf permit to
cost \$5 and single game permits to
cost 15 cents for the 9-hole course
and 25 cents for the 18-hole course
in Forest Park. Tennis permits are
to be \$1 a year. The money will be
spent in keeping up the courses and
courts.

There is an emergency clause in
this ordinance which will make it
effective immediately after it is
signed by the Mayor. Since Mayor
Kiel voted in favor of such an or-
dinance in the Board of Estimate
and Apportionment he is expected
to sign this bill, and it is understood
that he may sign it by tomorrow.

The ordinance will cancel all out-
standing permits to play golf and
tennis, issued for the season of 1921.
Holders of these permits who wish to
play under the fee system will have to
obtain new permits first and pay the
fees.

The board adopted a resolution in-
troduced by Chairman Aloe, at the
request of John S. Leahy, requesting
Congress to recognize "the Republic
of Ireland," as follows:

"Be it resolved, That we request
the Congress of the United States,
as it has done to every people who
have struggled for liberty, to recog-
nize the form of Government de-
manded by the majority of the peo-
ple of the Emerald Isle, the republic
of Ireland."

Copies are to be sent to the Presi-
dent, the Secretary of State and the
Missouri Senators and Representatives.

Municipal Farm Bill Passed.

The bill providing for the purchase
for \$175,000 of the John Scott estate
of 485 acres on Bellefontaine road
and Hall avenue, St. Louis County,
as a farm for insane, was passed.
The purchase was recommended by
the Bond Issue Supervisory Com-
mittee. The money is to come out of
the bond issue.

About 50 women, representing
women's organizations, attended in
the interest of the bill to increase
the Board of Children's Guardians
from 7 to 12, which was filed at
the preceding meeting. After Chair-
man Aloe had made a speech in ad-
vance of it, the bill was reconsidered
and passed. It provides for a
board of 12, five members of which
shall be women. The board will have
supervision of the Bellefontaine
Farm and the proposed Detention
Home for Girls.

Board Adjourns to Oct. 7.

Forty-one general improvement
bills were passed. Adjournment
was taken to Oct. 7.

Bills which have not been reported
out by committees and must lay
over until the end of the vacation
period are those for the building of
a home for girl delinquents, granting

WARRANT CHARGES NEGRO WITH \$7876 EMBEZZLEMENT

Proprietor of Rent Collection
Agency Accused on Com-
plaint of J. V. S. Barret
Who Employed Him.

A warrant charging the embez-
zlement of \$7876.24 was issued by the
Circuit Attorney's office late yester-
day afternoon against Shawen Ro-
bustina, negro proprietor of a real
estate collection agency at 817 North
Sixteenth street. He was arrested last
night.

The complainant was J. V. S. Bar-
ret, owner of extensive real estate
holdings, incorporated as the Eclipse
Realty Co., with offices in the Wain-
wright Building.

Shepard Evans, attorney for Bar-
ret, told the Circuit Attorney that
Robustina had been acting as agent
for Barret in the collection of rents
from negro tenants for about four
years. In which time his collections
amounted to approximately \$25,000.
The complaint alleges that Ro-
bustina falsified his returns by re-
porting property vacant, when in
fact it was occupied and he was col-
lecting the rent but not turning it in.
Robustina was discharged by
Barret Oct. 1 last, Evans said, and a
white collector employed since then
which were twice as large as those
made by Robustina in an equal
period of time.

Robustina at police headquarters
today denied that he had ever know-
ingly made false returns on his col-
lections. Because of poor eyesight,
he said, he had left the keeping of
records to office help. He expressed
surprise when told that he was
charged with embezzling more than
\$7000, and said he had understood
there was a discrepancy of about
\$500, which he had agreed to make
good. He said he would have done
this but for the fact that two men
held him up in his office about
three weeks ago and stole \$550 from
him after tying him to a chair.

He came to St. Louis in 1904
from Barbados, West Indies, as an
attendant at a agricultural exhibi-
tion at the Louisiana Purchase ex-
hibition.

Art Objects Seized for Alimony.

The Sheriff last night made a levy
on the studio of Sidney Belmont, a
dramatic instructor, in the Odeon
Building, to satisfy an execution or-
der for unpaid alimony due Mrs. Eva
Belmont, his divorced wife. She ob-
tained an order for \$75 a month al-
imony in March, 1919, and \$975 is
now due her. The Sheriff seized art
objects, curios and furnishings of
the two-room studio and hauled
them to an auction house, where
they will be sold if Belmont does
not pay the alimony due.

NORTHERN BAPTISTS ACCEPT GIFT OF \$1,750,000 TRUST FUND

Long Debate Precedes Vote on An-
onymous Gift From Man Living
on Pacific Coast.

By the Associated Press.
DES MOINES, Ia., June 24.—After
what is described as the most vio-
lently controversial session in the
history of the Northern Baptist con-
vention, the delegates sitting at the
Home Mission Society voted yester-
day to accept an anonymous gift of
a trust fund valued at \$1,750,000 with
certain restrictions. The bequest is
said to have come from a man living
on the Pacific Coast.

Delegates were surprised when an
attack was started upon acceptance
of the gift. After a series of speeches
the Rev. M. P. Boynton of Chicago,
charged that "trust funds in the past
have been basely betrayed by those
who have handled them." This was
taken up by delegates in the gal-
lery, who demanded to know
who, crying, "Name them," and
"Who's guilty?"

Boynton shouted, "I refer to the
University of Chicago Divinity
School." A delegate announced that
a graduate of the University of Chicago
I deny the statement and brand it
false." Insistent pounding of the
gavel brought the delegates to order.
The \$1,750,000 trust fund left to
the American Baptists' Home Mis-
sion Society is accompanied by the
provision that none of the money is
to be used to pay salaries of mis-
sionaries or colporters who do not
subscribe to conservative tenets of
the Baptist faith in the form of a
creedal test.

HYDE TO ASK FOR CUT IN CORPORATION FRANCHISE TAX

He Also Will Request Legislature to
Remove Limit on County Allow-
ances for Roads.

Special to the Post-Dispatch.
JEFFERSON CITY, Mo., June 24.—
Gov. Hyde today announced that he
would ask the Legislature to con-
sider the reduction of the corpora-
tion franchise tax and to consider re-
moval of the minimum from the rate
to be followed by County Courts in
setting aside revenue for county road
purposes. Bills to cover both are al-
ready in progress in the Legislature
and are partially covered by previ-
ous messages, the new message be-
ing simply to make certain of the
validity of the acts if passed.

Senator Bodewicks' bill to give the
State Highway Department power to
purchase or obtain by condemnation
cement plants, gravel and sand beds
and mines producing road building
material was ordered to engrossment
in the Senate. It will come before
the Senate for final passage early
next week.

JOHN DUFFY IS 101; PASSES DAY QUIETLY

Native of Ireland Not as Spry as
Formerly—Always Has
Taken Outdoor Exercise.

John Duffy celebrated his one
hundred and first birthday today by
receiving the calls and congratula-
tions of friends and neighbors at
his home, 3633 Page boulevard,
where he lives with his daughter,
Miss Mary R. Duffy. He is not as
spry as he used to be, and although
he consented to a somewhat elab-
orate celebration of his one hun-
dredth birthday, he preferred to
spend the one hundred and first qui-
etly.

Duffy was born in Ireland, but
came to the United States in 1842
and St. Louis in 1848, and has lived
here ever since. He was a grain
broker in the early days and was a
member of the first Merchants' Ex-
change.

He gives the credit for his long
life to outdoor exercise and plain
food. When he was a boy in Ire-
land he had to walk if he went any-
where, because other means of
transportation was scarce, so he
walked a great deal, and after he
came to this country he kept it up.
In St. Louis he walked from his
home to his office in preference to
riding.

He never smoked regularly. He
tried to but his stomach would not
stand it, so he gave it up. He did not
drink until late in life, when he oc-
casionaly took a stimulant until pro-
hibition put an end to that, because
he was no longer able to get any
liquor that he considered fit to drink.

He was married in 1852 to Miss
Rosalie Byrne. She died in 1909 at
the age of 89. There were three
children, of whom three survive.
They are the daughter, Mary, and
two sons, C. N. Duffy of Philadelphia
and Frank J. Duffy of Natchez, Miss.

Duffy never has affiliated with any
political party. Parties, he says, are
a bad lot and getting worse. Land-
lord troubles and a lot of other trou-
bles he attributes to parties.

2 NEGROES HANGED FOR CHICAGO RIOT KILLING

Pair Executed as Result of
"Abyssinian" Outbreak, in
Which Flag Was Burned
Last June.

By the Associated Press.
CHICAGO, June 24.—Grover C.
Redding and Oscar McGavick were
hanged together at 7:27 o'clock this
morning for the killing of Robert C.
Rosen, a sailor, in connection with
the "Abyssinian riots" last June.

Both appeared cool when they
walked upon the scaffold. McGa-
vick stared at the ceiling of the exe-
cution chamber, while a priest re-
peated a prayer. Reading closely
followed the movements of those
who adjusted straps about his arms
and legs.

Both slept during the night and
Redding ate a hearty breakfast.

The so-called "Abyssinian riot"
occurred on the evening of June 24,
1919, when a band of negroes, led
by Redding and others, termed
themselves "Princes of Abyssinia,"
and connected with a movement for
the return of negroes to Africa, held
a parade.

The parade concluded with a bon-
fire, during which an American flag
was tossed into the blaze. Rose at-
tempted to rescue the flag and was
shot to death from an automobile.
The paraders scattered and some
ran into a nearby building and in
promiscuous firing which followed
Joseph Hoy, a cigar clerk, was killed
and Joseph Powers, negro policeman,
and William Carter, negro butler,
were wounded. Redding and Mc-
Gavick, who was later arrested in
Pittsburg, were found guilty of kill-
ing Rose and sentenced to death.

In denying the petition for an in-
sanity hearing, Judge George Ker-
sten yesterday said it had not been
made in good faith.

Contrary to the usual custom of
turning over the bodies of men ex-
ecuted to an undertaker the moment
they are cut down, Sheriff Peters
retained possession of them for more
than an hour.

He gave as his reason that reports
had reached him recently that an at-
tempt had been made to restore life
to the body of a man hanged recently
in the county jail after it had left
the custody of the county authori-
ties.

The bodies of Redding and Mc-
Gavick eventually were turned over
to McGavick's brother, who is an
undertaker.

FOUR ARRESTED IN THREE LIQUOR RAIDS

Saloon Keeper Caught Slipping
Bottle Into Man's Pocket
Charged With Giving It Away.

When Detective Sergeant Collard and the morals squad walked into the saloon of Aquino Elice, 500 South Jefferson avenue, yesterday, they reported they saw Elice slipping a pint bottle containing whisky into the coat pocket of George Frey, a solicitor, of 1509 Morgan street. They arrested both and on a search of the saloon and adjoining grocery claim to have found a pint bottle of whisky concealed in a spice drawer in the grocery.

Both Elice and Frey were taken direct to the office of Assistant Prosecuting Attorney Connors. Frey said he had not paid Elice for the whisky, as he had not had time before the detectives entered. A warrant charging Elice with giving away the liquor and also with passing on liquor was issued. Frey was released.

Acting Lieut. Vasey and his "night riders" visited a saloon which they say is conducted by John J. ("Spot") Regan, at 2700 Gravois avenue, last night, and arrested his bartender, Joseph Crenshaw, of 315 Walnut street, where they report finding a keg of what they say is homemade beer on tap in the icebox, 3 kegs in the basement filled with the same kind of liquor and 150 gallons of beer mash.

In a raid on an electric appliance shop conducted by Albert A. Treichel, 3024 South Jefferson avenue, at 6 p. m., the police broke into a rear room to get into the basement, where they claim to have found a still, 10 gallons of "moonshine," 10 gallons mash, two quarts of malt, some syrup, coloring fluid and 230 pounds of sugar. Treichel claimed to have rented the rear part and basement to two foreigners two weeks ago. He was arrested.

NETHERLANDS MAKES PUBLIC REPLY TO U. S. NOTE ON OIL

Answer Points Out That America
Had Information of Negotiations
on Djambi Last October.

By the Associated Press.
THE HAGUE, June 24.—The Dutch Government yesterday made public its reply to the American Government's note of May 27, protesting against the policy of the Netherlands Government with respect to the exploitation of the Djambi oil field of the Dutch East Indies.

The reply, dispatched June 21, pointed out that as far back as last October the Minister of the Colonies had supplied the American Minister in an interview with clear information on the Djambi question and concerning arrangements by which the Dutch Government considered itself bound. In September last, the note says, the negotiations with the Batavia company were so far advanced that there could no longer be any question of taking proposals from the United States or elsewhere into consideration. The Dutch Government, the note said, was unable to admit that its bill passed by Parliament, closing the Djambi fields to the participation by Americans in the oil industry, was contrary to the principle of reciprocity. This theory, it declared, arose from the supposition that after Djambi the world would be no more oil fields in the Dutch Indies to exploit. Moreover, the Dutch Government objected to its policy toward foreign nations being represented as less liberal than that of the United States. The contrary, the note said, was rather the case.

In any case, the note declared, a country pursuing a policy of carrying out real reciprocity could not obtain its object by decreasing unilaterally some sort of reciprocal depriving subjects of countries not adopting identical measures of rights connected with the matter concerned.

The note, which was written by the Minister of the Colonies, concluded by repeating that the Dutch Government did not desire to exclude American capital from an equitable share in the petroleum industry of the Dutch Indies, within the limits legally prescribed for private enterprises.

JEFFERSON CITY, June 24.—Republican State Headquarters, moved from St. Louis to Jefferson City Jan. 1 by J. G. Hughes, then chairman of Republican State Committee, will be moved back to St. Louis immediately, Dr. E. H. Clements, chairman, announced today.

Clements said he intends to establish close working arrangements with Chairman Strodtman of the Republican Committee of St. Louis and with Mayor Kiel and other local Republican leaders.

Clements announced that A. C. McKibben of Clayton no longer is

He recently purchased a Republican newspaper in Osage County and Clements said he assumed McKibben wanted to devote himself to the new venture. Clements said the headquarters would be closed temporarily until quarters are obtained in St. Louis.

Negro Who Blocks Traffic Held.
Walter Brown, 23 years old, of 1518 Chestnut street, a negro, was taken to the city hospital at 9:30 o'clock last night after he had

blocked automobile traffic on the Clayton road opposite the Mounted District Police Station. Policemen reported he alternately lay down in the road and got up and imitated a traffic policeman.

Smart-Looking New Overblouses That Are Very Cool—Priced at

\$5.00

A NEW Blouse that brings to you the maximum of style and coolness has just made its appearance. It is made of extra fine quality white Summer silk, in overblouse style, displaying Peter Pan collar, patch pockets and sash.

All the Blouses come in the over-the-skirt style, with tailored string sash, but variation comes in the trimming. Some have collar and cuffs narrowly banded with finely checked gingham in various colors; others have collar and cuffs of figured Summer silk. Both styles are highly effective and becoming.

For the extra Blouse for your Summer outing, you'll find these just the thing. Sizes 36 to 44 are available. (Third Floor.)

White Tub Skirts of Gabardine And Pique Are Special Values at \$2.95 and \$3.95

WHITE Wash Skirts surely come under the classification of certain staple articles which we renew every year, using the last year's for "second best."

This group displays the newer style features in cut and materials—and as to value—at the prices they are offered, these Skirts are economy in a most definite and practical way.

Both plain and fancy weavings are included. Pearl buttons are frequently used as trimmings. Sizes 25 to 37 waist measure are offered. (Third Floor.)

CHURCHES SHOULD PAY FOR
ADVERTISING, BISHOP SAYS

Daily and Weekly Newspapers Best
Mediums, Chairman of Advance-
ment Committee Writes.

By the Associated Press.
CHICAGO, June 14.—"The daily and weekly newspapers furnish the best medium for general publicity," declares Bishop Joseph P. Berry, Philadelphia, Pa., in the Christian Advocate. Bishop Berry is chairman of the Executive Committee on Conservation and Advance, Methodist Episcopal Church. He said:

"The daily and weekly newspapers furnish the best medium for church publicity, and I do not see why the church should expect to get its advertising free. It includes in its budget various items of expense, such as the minister's salary, the janitor, light, heat, insurance, repairs and often the salary of the organist and some special singers. Why should not advertising be properly added to this list?"

"The world, the flesh and the devil do a lot of advertising in these days."

It seems to pay the combination pretty well. Should the church be less anxious to speak strongly and winsomely to the community?"

12 PERSONS INJURED IN SIX AUTO ACCIDENTS

Six Hurt When Two Machines
Turn Over After Collision—
Driver's Skull Fractured.

Twelve persons were injured in six automobile accidents yesterday afternoon and evening.

Six were injured when a machine driven by Charles Mueller, 21, of 5111 Salena street, running east on McKee avenue, struck the south-bound machine of Rosario Russo, 22, of 5049 Wilson avenue, at Thurman boulevard. Both machines were overturned. Russo, who was driving his car, suffered a fractured skull, fractured nose and internal injuries. At the city hospital it is said his condition is serious.

Katrin Carlo, 10, of 2018 Hereford street, an occupant of the Russo machine, suffered fractures of both collarbones. Four other occupants, cut and bruised, were: Mary Degelvari, 15, 2024 Hereford street; Samuel Leocita, 24, 2024 Hereford street; Carlo Pullicino, 27, 5023 Daggett avenue, and Thomas Carlo, 24, 2913 Mackland avenue.

Two Hurt in Another Collision. Mrs. Carl C. Koeln, 3121 North Spring avenue, and Miss Helen Monahan, 1546 Grace avenue, suffered scalp wounds and bruises when an automobile driven by Mrs. Koeln's husband collided with an automobile truck driven by Floyd Randolph, 4268W Ashland avenue, a negro, on Broadway near Carrie avenue.

Henry A. Prudat, 3156 Keokuk street, suffered scalp wounds in a collision between his machine and that of Joseph Tereswell, 4032 Flad avenue, at Utah street and Nebraska avenue.

As Louis Kroener, 2506A North Fifteenth street, was driving into Benton street from an alley between Blair avenue and Fifteenth street he struck the machine of Harry Steinmeyer, 4025A North Twenty-fifth street, cutting Mrs. Steinmeyer, an occupant of her husband's machine, on the left arm.

Man Injured by Flying Glass. William Schluter, 5806 Easton avenue, driving west on Natural Bridge avenue, was turning to the south to enter a gasoline station at 4630 when his automobile was struck by that of Walter Barlow of Normandy Grove. William Hamilton, 4114 North Taylor avenue, in Schluter's car, was cut on the face by flying glass from the windshield.

R-38, WITH 48 ABOARD, MAKES TEST FLIGHT

America's British-Built Airship Being Prepared for Flight Home Across Atlantic.

By the Associated Press. LONDON, June 24.—The giant British-built airship R-38, which has been bought by the United States and will be flown to America by an American crew, took the air for the first time last night, making an entirely satisfactory flight, it was announced by the Air Ministry today. The R-38 left the Cardigan station at 7:55 p. m. and landed six and one-half hours later, after a flight over the nearby counties. She carried 48 persons, including the crew. Among the officers were two Americans, Commander L. H. Maxfield, who will captain the airship on her transatlantic flight, and Lieutenant-Commander M. N. Bieg. A number of distinguished British officers also were on board. The Air Ministry states that during the last fortnight the ship has satisfactorily undergone her lifting capacity and engine trials in the construction shed. After further trials at Cardigan and Howden to test the thorough reliability and general airworthiness of the airship, she will be handed over to the American crew, who will carry out the flights necessary to familiarize themselves with the handling of the big flier before her departure.

AUTOMOBILE FOUND IN RIVER LEADS TO SEARCH FOR MORE

An automobile roadster and the top of another machine were pulled from the Mississippi River on the Illinois side about eight miles north of Granite City, yesterday by two St. Louis detectives and Frederick Judge, a former city detective, who is now an insurance adjuster. They went there with grappling tackle after farmers had telephoned that they had seen the top of an automobile sticking out of the water.

The roadster taken from the river was identified as one which had been reported stolen from a St. Louis man. The detectives have his name and address. Further search of the river will be made to learn if other cars are under water near the point where the roadster was found. A recently constructed road leads to a 20-foot bluff at that point. A theory of the detectives and insurance adjuster is that owners of machines have driven them in the river and reported them stolen for the purpose of collecting theft insurance.

SALOONKEEPER AND BARTENDER ARRESTED FOR HAVING WHISKY

Andrew Hoiweg, who conducts a saloon at 927 Pine street, and his bartender, Robert Rochow, of 4918 Pennsylvania avenue, were arrested in the saloon today when the police morally squad observed the bartender on his knees behind the bar. Investigating, they found a trap door leading to a recess in which there was a bottle filled with whisky. James O'Brien, an employee in the

Woodbine bar at 108 North Sixth street, was arrested as he passed out a drink to a customer. The police, believing that the drink was whisky, confiscated it. The customer ran out, leaving his change on the bar. **William Channing's Son Dead.** By the Associated Press. OAKLAND, Cal., June 24.—G. E. Channing, for 30 years connected with the Federal Treasury Department, was found dead yesterday here with a pistol by his side. He had

been ill. His father was William Ely Channing, noted clergyman and author, and he was a brother of Edward Channing, historian. **ADVERTISEMENT.** **IF Hair's Your Pride USE Herpicide** Leaving the City This Summer? ROBBED IN OWN HOTEL, THEN LEFT IN PARK

Joseph Savio Taken From 7800
North Broadway in Auto—
Women Held Up.

When Joseph Savio, proprietor of a hotel and saloon at 7800 North Broadway, was entering the rear way at 11 o'clock last night, after a trip downtown, he was met by two men with drawn revolvers, who took \$30 from his pockets, and marched him to the front, where another man was sitting in an automobile.

"Did you get it all?" he asked. The others said they had. "All right," he said, "get in."

They made Savio get in and drove to Fallon Park, where they kicked him out of the machine.

Screams: Drive Away Highwaymen Who Held Up Two Women.

Mrs. Mary Polaske and her daughter, Aose, 13 years old, of 481 West Sidney street, were walking on Huska street, east of Broadway, at 11 p. m. when two men came out of an alley and ordered them to hold up their hands.

Polaske they took a meash bag containing 70 cents and a bracelet valued at \$12, and were proceeding to make a more thorough search when she asked them if they were also going to search her mother.

They said they certainly were. She screamed. They dropped the bracelet and ran.

While Mrs. Peter Penova was absent from her home, 2801 Wash street, the house was entered and the trunk of Tony Hodak, a roomer, was broken into and \$870 and 19 shares of Union Electric stock were taken.

A little girl of the neighborhood says she saw two young men enter the front door with a key.

Mrs. Carrie Faber, 2719 Rutger street, was walking near her home at 9 p. m. when a negro stepped from behind a tree, choked her and took her silk handbag containing trinkets and 2 cents.

The arrest and confession of three boys, 7, 8 and 9 years old, has solved the burglary of John Farr's dry goods store at 1919 Park avenue Tuesday night. Plunder consisting of two pairs of boxing gloves, several purses and 92 pennies was recovered from coal sheds. The boys were turned over to their parents, to be dealt with in the old-fashioned way and will not be prosecuted.

Vacuum Cleaners Stolen.

Vacuum cleaners, electric fans, etc., valued at \$400, were stolen from the Electric Sales Co., 1025 North Grand avenue.

Leo Bernero, treasurer of the Columbia Theater, missed a \$10 check, and was looking around the lobby for it when a man asked him if he had dropped a check.

Bernero said he had, and the man handed it to him and went away. Bernero then remembered that the check had been wrapped around \$15.

CONTRACT FOR SHIP FOR JAPAN

New York Corporation Has Order for 10,000-Ton Fuel Vessel.

By the Associated Press.

WASHINGTON, June 24.—A contract calling for the construction of a 10,000-ton fuel ship for the Japanese navy has been awarded the New York Shipbuilding Corporation, according to reports to the Department of Commerce.

This was the only new contract entered into by American shipbuilders, it was added. On June 1, it was said at the department, private American shipyards were building, or had under contract to build, 183 steam vessels, aggregating 581,821 gross tons.

**WOODMEN CLOSE
THEIR BUSINESS
SESSIONS TODAY**

Foresters Breaking Camp
Following "Rainbow Pa-
rade" in Which, It Is Esti-
mated, 1600 Took Part.

The convention of the Head Camp,
Modern Woodmen of America, held
its closing business sessions today,
following the "Rainbow Parade" of
the Foresters of the order, held
downtown yesterday afternoon. It
is estimated that more than 1600
Foresters in uniforms of various col-
ors marched in the parade, carrying
the emblem of the order and the arm
of the uniformed rank, the ax.

While the Head Camp, or govern-
ing body, delegates have been stay-
ing in hotels and holding their ses-
sions downtown, the Foresters have
been encamped in Camp Tanner, in
the southwest corner of Forest Park.
About 3300 of them were there dur-
ing the week, using about 600 tents.
Many of the departed for their
homes last night.

Every local camp of the Modern
Woodmen which has the uniformed
rank selects its own design and color
scheme for its Foresters. It is this
feature which gives the name of
"rainbow" to the parade. While
more than 250 camps were represent-
ed by teams at Camp Tanner it was
apparent that only about 100 took
part in the parade.

Parade 20 Minutes in Passing.
The parade formed at Fourteenth
street and Washington avenue,
moved east to Broadway, to Pine
street, to Fourth street, to Market
street, to Seventh street, to Olive
street, to Tenth street, back to Mar-
ket street and into Twelfth street,
where it moved north to Locust
street, countermarched and passed
in review before a stand at Twelfth
and Chestnut streets, to break up
to the south. Modern Woodmen of-
ficers and city officials were in the
reviewing stand. The parade started
at 2:45 p. m. and lasted until 4 p.
m., requiring almost 20 minutes to
pass the point.

Following the usual escort of
mounted policemen, whose blue-gray
uniforms and helmets formed the
first band of this many-banded rain-
bow, the staff officers of the For-
esters came on horseback. They
wore regulation army officers' uni-
forms of olive drab. The only dif-
ference between their uniforms and
those of the army is in the buttons
and the ornaments denoting rank.
The symbol of rank is a bronze wedge,
a symbol allied to that of the ax,
and the more wedges on a Forester
officer the higher his rank. A Major-
General wears five.

Major-General J. D. Liggett of
Des Moines, Ia., commandant of the
Foresters, whose title is derived
from that position, led the group of
staff officers, not all of whom wore
modern army hats. Behind them
were carried the American flag and
the red, white and forest green flag
of the Modern Woodmen. More flags
were carried by several of the fol-
lowing units.

Khaki and Blue Favorites.
The first organization in line was
the official band, composed of Mod-
ern Woodmen, all dressed in white.
Then came the drill units from the
local camps. It was noticeable that
khaki and blue were the favorite
colors chosen for uniforms. Local
preferences in variation being dis-
played mostly in the details. Solid
groups of blue and khaki units had
almost the appearance of marching
veterans of our last two wars, since
the Spanish War veterans wear blue.

It happened that the first drill unit
was in blue, its neat appearance be-
ing enhanced by red rosettes worn
on the men's blouses. A group in
white serge uniforms soon broke the
monotony and closely following it
was another group wearing white
serge blouses and blue trousers.

Uniforms of Bugle Corps Elaborate.
Indianapolis (Ind.) camp was the
only one to consider the sun's effect
on a rainbow, for its men left off
their blouses, displaying white shirts.
Their trousers were of light blue,
worn with darker leggings. They
were led by a bugle corps. The bugle
corps from Wheeling, W. Va., wore
green blouses, trimmed with red;
white trousers and black leggings.
Independence Camp, Rock Island,
Ill., where the head office of the or-
der is, was represented by a drum
and bugle corps in the most preten-
tious of any uniforms.

The leader of this corps was a
whole rainbow by himself, but one
more suited for a northern climate. He
wore a tall, white fur shako,
trimmed with red. His white military
coat was ornamented with red and
gold and his red breeches had their
share of gold lace. His men wore
black fezzes with red tassels, red
jackets, yellow sashes, purple
breeches, white leggings and many
ornaments.

Parade in Two Brigades.
One of the last colorful units, as
though approaching the subdued end
of the rainbow, was clothed in mar-
oon. The parade moved in two sec-
tions, representing the two brigades.
All the men in the ranks of the
drill units carried axes. These
gleamed in the sun and flashed as
the teams performed evolutions in
Twelfth street. Units would describe
fantastic figures as they continued in
the line of march. Others would
move to extended order and then
back to close formation. Much of
this was for the benefit of the movie
men. All straightened up and held
"eyes right" as they passed the re-
viewing stand.

The closing session of the Head
Camp today considered a proposal
for annual encampments of the
Foresters of each state in addition

to the quadrennial national encamp-
ment in connection with the Head
Camp convention. The officers,
who were all re-elected last
Wednesday, were formally installed
today, and various pieces of busi-
ness finished.

To Keep Skin in Fine
Condition All Summer

It would be much better for the skin
if little cream, powder or rouge were
used during the heated term. Mixed
with perspiration, dirt and grime, these
things are anything but beautifying.
Ordinary mercolized wax will do more
for the complexion and without giving
an oily, streaked, spotted or pasty ap-
pearance. It is the ideal application for
the season, as it not only keeps the
pores clean, but daily removes particles
of scarf skin which have been soiled by
dirt or weather. By constantly keeping
the complexion clear, white, healthy,
it does more toward perpetuating a youth-
ful countenance than any of the arts or
artifices commonly employed. It is ob-
tainable at any drug store, will completely re-
novate the worst complexion. It is applied at
night like cold cream and washed off in
the morning.

To keep the skin from sagging or
wrinkling, or to overcome such condition,
there's nothing better than a face bath
made by dissolving an ounce of pow-
dered asphalt in a half pint witch hazel.

920,976 FARMS OPERATED BY NEGROES IN 14 STATES

WASHINGTON.—Farms operated by negroes in 14 Southern States, including Delaware and Maryland, in 1920, numbered 920,976, an increase of 40,152 over 1910, or 28.7 per cent of all the farms in the United States, the Census Bureau announced. The total acreage of these farms was 41,436,943, valued at \$2,329,662,780.

Farms operated by negro tenants totaled 702,215, an increase of 32,469, compared with 16 years ago, or 44.1 per cent of all tenant farms in the country. Farms operated by negroes in 1920 by states included: Virginia, 47,690; North Carolina, 74,849; South Carolina, 109,066; Georgia, 120,176; Florida, 12,954; Kentucky, 12,624; Tennessee, 38,181; Alabama, 95,200; Mississippi, 161,001; Arkansas, 72,272; Louisiana, 62,936; Oklahoma, 18,737; Texas, 78,684.

Wholesale Price of Milk to Rise.
The July wholesale price of milk will be increased at least 30 cents per 100 pounds, D. A. Brooks, president of the Southern Illinois Milk Producers' Association, said today. He based his assertion on the fact that a 30-cent bonus on the hundredweight, paid the producers to stimulate production, which was taken off the June price, will be added to the July price. The present price is \$1.38 per hundredweight.

The Milk Committee and the St. Louis distributors will meet Monday afternoon to agree on the July price. The wholesale price in July, 1920, was \$2.25 per 100 pounds.

New and Wonderful Hair Removing Secret

(How to Get Rid of Beards and All)
The secret is out! any woman bothered with superfluous hair can now rid herself of this trouble absolutely—not only the surface hairs, but the roots as well—by what is known as the "phalantine process." The new method does away with numerous and expensive visits to the electrolysis expert. Does away with depilatories or shaving at frequent intervals. Nothing like it ever known before. Get a stick of phalantine from your druggist. Follow the easy instructions, and have the surprise of your life.

You do the work in a few seconds, in your own home, without the least injury. The hair-roots come out before your very eyes, leaving the skin soft, smooth, hairless. Phalantine is odorless, non-irritating, and so harmless you could eat it.

Moving Pictures in Prufrock-Littion Window

"Nothing but furniture," a film story in three parts, is being shown in the Fourth Street window of the Prufrock-Littion Furniture Company at Fourth and St. Charles.

The film starts with the furniture frames in the Prufrock-Littion factory and follows it through the details of the finishing and up-holstering processes to the finished product on their floors.

Do not miss this story if you are in the downtown district. It is something unique and untold in the furniture business in St. Louis.

After You Serve This Dish
He'll Forget His Mother's Cooking

Tonight when he comes home for dinner surprise him with smoking hot Pineapple Turnovers.

They are very easy to make. Just follow these directions:

Pineapple Turnovers

First make a plain pastry dough; roll it thin and cut into 4-inch squares. Drain a can of Crushed or Grated Hawaiian Pineapple, saving the juice for sherbets or sauces. On each square put a large spoonful of pineapple, a small bit of butter and a spoonful of granulated sugar. Fold the squares into triangles, pinching the edges firmly together so they will not come apart in cooking; fry in deep lard and serve warm, dusted with powdered sugar.

With Hawaiian Crushed or Grated Pineapple there are any number of tempting dishes you can make, sherbets, salads, puddings, pies, and sauces.

Buy this convenient fruit, at your grocer's, in half dozen or dozen lots, and send for our recipe book containing many ways to serve it.

At the soda fountain ask for a Pineapple Sundae.

NUGENT EX-CHAUFFEUR BACK AS SON-IN-LAW

Man Who Eloped With East St. Louis Girl Drives Family on Tour of Race Tracks.

Joseph Nugent, wealthy East St. Louis horse and mule dealer, and his wife and their daughter, Marian, are motoring from one race track to another in Canada and the East, with Samuel P. (Tony) Strohm, a machinist of 1408 St. Louis avenue, East St. Louis, Nugent's former chauffeur, at the wheel, which leads friends to conclude that the Nugents have become reconciled to the marriage of their daughter to Strohm, Aug. 10, last year.

It is understood that when Strohm was invited to become a member of the family party it was not as an employee, but as a son-in-law. The party left East St. Louis six weeks ago for Louisville, where Nugent had some horses racing, and were to follow the Nugent string from there around the Eastern and Canadian circuit. They are not expected to return until August.

Couple Eloped in Girl's Car.

When Strohm and Miss Nugent eloped to Belleville in the girl's car and were married, Nugent announced that he would spend his last penny to have the marriage annulled, but he never took such action about it. The bride returned home after the ceremony and was quoted as saying that she had married Strohm from pique, because of the strictness of her parents, and that she wanted to be free again.

Strohm at that time expressed willingness to wait and let events take their course. His plans for going West and establishing himself in the automobile business would await his wife's pleasure, he said.

Bridegroom Employed Here.

Strohm, for several months prior to the marriage, had been employed by a piston ring concern in St. Louis. He continued his employment there until he accepted an invitation to join the Nugents on their motoring trip. Strohm is 30 and his wife is 24. Strohm resides with his sister and brother-in-law, Mr. and Mrs. Fred Moore. Mrs. Moore admitted today that her brother was with his wife and her parents on a tour of the race tracks, but would not admit that she knew anything about his plans.

\$3,000,000 a Month Withdrawn From Employees' Wages.

By the Associated Press.

HAVANA, June 24.—Bonuses amounting to nearly \$3,000,000 a month were withdrawn from Federal, provincial and municipal employees by a decree signed yesterday by President Zayas.

These temporary additions to the salaries of public servants were granted to enable them to meet the high cost of living, and up to the present have been paid from the proceeds of an extra tax on sugar.

Moving Pictures in Prufrock-Litton Window

"Nothing but furniture," a film story in three parts, is being shown in the Fourth Street window of the Prufrock-Litton Furniture Company at Fourth and St. Charles.

The film starts with the furniture frames in the Prufrock-Litton factory and follows it through the details of the finishing and up-holstering processes to the finished product on their floors.

Do not miss this story if you are in the downtown district. It is something unique and untried in the furniture business in St. Louis.

**HARDING TRYING TO SPEED UP
TAX AND TARIFF LEGISLATION**

Watson's Plans to Take Up Taxes Before Tariff Favored by Some Senators.

By the Associated Press
WASHINGTON, June 14.—President Harding took a hand in the legislative program yesterday in an effort to speed up enactment of tariff and tax legislation by calling Chairman Fordney of the House Ways and Means Committee to the White House to discuss the possibilities of early passage of such laws.

Meanwhile the suggestion was renewed in the Senate by Senator Watson of Indiana, a Republican member of the Finance Committee, that tax revision be placed ahead of tariff legislation.

Fordney informed the President that the Republican Committee draft of the permanent tariff bill would be ready by Monday or Tuesday for consideration of the full committee.

Senator Watson's suggestion led to floor statements by a half dozen Republican and Democratic Senators that they would support his proposal.

Miss Anna Koehnleider Struck After Leaving Street Car.

Miss Anna Koehnleider, 39 years old, of 2623 Howard street, suffered a fractured skull and internal injuries at 8 a. m. today when struck by a truck of the Blank-Wenker Candy Co. driven by Charles Pratt of 2713 Osage street, at Tenth street and Clark avenue. Miss Koehnleider had alighted from a Cherokee car and was crossing to the opposite sidewalk when she was knocked down. The chauffeur said she stepped in front of his truck as she dodged another truck going in the same direction.

Good Collateral**

You may never have to go to a bank to borrow money—to tide over a period of slack times, or to meet an obligation on the due date. If you ever do, the first question the banker will ask you is: "What is your collateral?"

Banks, lending their depositors' money, MUST play safe. They must have their loans secured by something of larger value than the amount of the loan.

If the only security you can offer is some shares of stock in a new, experimental, perhaps hazardous business, sound judgment will compel the banker to turn you down. You may have thought those speculative shares were "worth a gamble"—but the banker won't. He as a trustee for other people's money isn't there to gamble.

But if you can offer him as collateral some preferred shares of a permanent, prosperous, growing, State-regulated public service business, like Union Electric Light & Power Co., he will be entirely justified in making the loan.

We are now selling the fourth million of our 7% preferred stock, which has been bought by 5300 St. Louis district men and women. The price of the shares is \$100 each. Each share pays \$7 a year in cash dividends—\$1.75 every three months paid by check mailed to your address.

Issuance and sale of these shares is approved by the State, to finance the growth of this business.

JEFFERSON CITY, June 24.—
Opposition to the expenditure of the
\$10,000,000 road bond issue on a
connected State system of 6000 miles
of hard-surfaced road developed an
unexpected issue yesterday afternoon
at a meeting of the Senate Commit-
tee on Ways and Means, a problem
being raised there which threatens
the entire good roads program of
the State.

The committee had under consid-
eration a bill by Senator Ralph
Whitecotton of Monroe
County, a "Ralph" bill, made
the proposal which agitated the
hard-surface road advocates. It was
in the form of an amendment stipu-
lating that the bonds should be
sold at a price which would yield
the State 95 per cent net in other
words, that no commissions should be ac-
cepted, no commissions paid and no
expenses of sale incurred which would
net the State less than 95
cents on the dollar for the bonds.

OSBORNE MAY NOT BE RECALLED AS PRISON ADVISER

Statements About Missouri
Penitentiary Said to Have
Aroused Some Antagon-
ism Among Officials.

SPEECH HERE DID NOT MEET APPROVAL

Former Sing Sing Warden
Says He May Take Further
Note of Conditions,
Whether Invited or Not.

By a Staff Correspondent of the
Post-Dispatch.

JEFFERSON CITY, June 24.—
When Thomas Mott Osborne, former
Warden of Sing Sing, departed from
Jefferson City Tuesday, it is said
that he had an understanding that he
would be recalled about Aug. 1
to begin definite work in his capac-
ity as unofficial adviser of the new
State Prison Board.

Doubt has arisen here that he will
be recalled at that or any other time.
Newspaper statements attributed to
Osborne have aroused antipathy to-
ward him among a number of the
members of the administration, some
of whom are in positions to exert
decisive influence upon the New
Yorker's activity in connection with
the Jefferson City penitentiary.

Gov. Hyde and the three members
of the Prison Board who have been
appointed will not discuss their feel-
ings for publication. The Governor's
idea of bringing an Easterner to
Jefferson City and offering him a
job as warden was not relished
among the "dope" men.

When he arrived Osborne declined
to become warden, but suggested
that he act as adviser in prison
matters without salary. Some of his
ideas were generally accepted here
as improvements upon present con-
ditions in the penitentiary, but his
attitude since his suggestion was
accepted has reacted against him.

When he was quoted in a Kansas
City newspaper as having declared
that 70 per cent of the prisoners in
Jefferson City were "dope" men,
there was considerable feeling here.
When the St. Louis Star attributed
a repetition of the statement to him,
fuel was added to the flames.

Quoted a Prison Employee.
Subsequent official statements
repeated and declared that he merely
repeated what a prison employee had
told him with his own observation
that it likely was exaggerated, but
this was followed by statements in
his speech at the City Club, St.
Louis, which did not meet approval
here.

It is now regarded as doubtful
whether the new board will ask the
Governor to invite Osborne to return,
and it is considered certain that the
Governor will not force Osborne
upon the board.

Osborne left St. Louis for Au-
burn, N. Y., Wednesday night. A
reporter for the Post-Dispatch
brought the changed attitude toward
him at Jefferson City to his atten-
tion.

"I'm coming back this way, any-
way," he replied, "because I have
been requested to institute the Mu-
tual Welfare League in the Kansas
penitentiary. My interest has been
aroused in the Jefferson City peni-
tentiary. It may be if my plans go
forward, that I will take further
note of the condition there, whether
invited or not."

State aid, he expended on the pres-
ent State highway system of not less
than 6000 miles subject to minor
changes which can be made only
with the approval of the County
Court and the county in which
changes are to be made.

"Resolved, That the pledges be re-
deemed that we are opposed to
spending any money on two trunk
line roads across the State only as
connecting county roads as it forms
a part.

"Resolved, That the general as-
sembly be requested to enact a law
authorizing the State Highway Com-
missioner to issue bonds for the pur-
pose of the auto license fund, thus
avoiding a tax levy for maintenance.

"Resolved, That we desire a legis-
lative interpretation of the words
'hard-surfaced roads,' so that the
Highway Department will under-
stand that there is material for road
purposes other than concrete, gravel
or brick.

"We ask that the State Highway
Commission be represented by the
congressional districts and con-
sist of at least eight members and
that half of the commissioners be
real 'dirt' farmers to serve without
pay except actual expenses."

WHITE POPULATION 94,822,431 AND NEGRO 10,463,013

Census for 1920 Shows 242-
959 Indians, 111,025 Jap-
anese, 61,686 Chinese,
9485 Others in U. S.

HIGHEST GROWTH RATE BY JAPANESE

Nearly Three-Fourths of the
Increase in Negro Popula-
tion in the North and the
West.

By the Associated Press.

WASHINGTON, June 24.—The
racial composition of the population
of the United States in 1920, as an-
nounced last night by the Census
Bureau, shows the country to con-
tain 94,822,431 white persons, 10-
463,013 negroes, 242,959 Indians,
111,025 Japanese, 61,686 Chinese and
9485 others. The Japanese race ex-
ceeded by far the rate of growth in
the last 10 years of all other classes.

Unofficial estimates of the increase
in the number of Japanese in the
United States, particularly on the
Pacific Coast, were borne out in the
official tabulation, which revealed a
rate of expansion of 53.9 per cent
during the decade of 1910-20. Cal-
ifornia absorbed 30,596 of the total
growth of 38,868 Japanese in this
period. On Jan. 1, 1920, there were
71,952 Japanese in California. The
remainder of the increase was dis-
tributed largely in the States of
Washington, where 17,388 now make
their home; Oregon, 4151, and Utah,
Colorado and New York, with be-
tween 2000 and 3000 each.

White Population Growth.
The white population showed only
a 16 per cent expansion for the
decade, and the negro 6.5 per cent.
Both the Indian and Chinese groups
dwindled 8.6 per cent and 13.8 per
cent respectively.

The growth in the white popula-
tion was considerably less than the
rate for the previous decade, which
was 22.3 per cent. This decline,
the statement said, was due principally
to the marked reduction in im-
migration during the world war.

An estimate based on the excess
of births over deaths and on the
excess of immigration over emigra-
tion showed a difference by only a
small fraction of 1 per cent from the
total whites enumerated.

The greatest numerical increase
in the white population was shown
in the east north central division,
embracing the States of Ohio, Indi-
ana, Michigan and Wisconsin,
where the increase was 3,011-
348. The Middle Atlantic States di-
vision had a growth for the decade
of 2,761,366. In the South Atlantic
and East and West South Central
portions the whites showed a com-
bined increase of 3,586,107.

Negro Rate of Increase.
The rate of increase in the negro
population, which was not percepti-
bly affected by immigration or emigra-
tion, was the lowest on record,
according to the statement.

Evidence of the migration of the
negro to the North and West was
found in the figures showing nearly
three-fourths of the increase in the
negro population, or 422,418 of the
635,250 gain in these sections.

A growth of only 162,832, or about
one-fourth, was reported for the
South, despite the fact that 85 per
cent of the total negro race is still
below the Mason-Dixon line. The
percentage increase of negroes in the
West was 55.1; in the North, 43.3
per cent, and in the South 1.9 per
cent.

Michigan, with 60,982 negroes led
all states in percentage of increase
with 251 per cent. Illinois and Ohio,
with increases of 67.1 per cent,
showed further evidence of the
northward movement of negroes.

Pennsylvania's negro population for
the period was 46.7 per cent, its ne-
gro race now exceeding in number
those of Maryland and Kentucky.

Decrease in Indian Race.
Decrease in the Indian race in the
last 10 years' period was probably
due in part, it was said, to the
part 15,575, was in Oklahoma alone.
The only pronounced increase was
reported for North Carolina—from
7851 to 11,824. Other states where
increases occurred were Louisiana,
Texas, Montana, Arizona and Cal-
ifornia.

Joe Guffey, Power in Oil, Victim of 26 Broadway

"Picked Off" by Standard Oil in Same Way That
the Mellons Got His Uncle
Jim.

By Leased Wire From the New York
Bureau of the Post-Dispatch.

NEW YORK, June 24.—When the
directors resigned Tuesday and the
Tidewater Oil Co., a Standard Oil
subsidiary, thus got control of the
Guffey-Gillespie Oil Co. insiders
knew Wall Street seemingly had once
more written "Fink" to the career of
a man who had "bitten off more
than he could chew."

The victim was Joe Guffey, more
formally Joseph F. Guffey of Pitts-
burg, and fully described as:
President of the Guffey-Gillespie
Oil Co., with leases covering 220,000
acres in the Mid-Continent and Texas
fields;

President of the Atlantic Gulf Oil
Corporation, controlled by the At-
lantic Gulf and West Indies Steam-
ship lines, and operating around
Tampico;

President of the Colombia Syndi-
cate, controlled by Guffey-Gillespie
and "Agwi," and owning a million
acres of oil lands along the Magde-
lena River in South Africa;

Director of Reliance Life Insur-
ance Co. and several Pittsburgh banks;
Democratic National Commit-
tee man from Pennsylvania, promoter
and "angel" of A. Mitchell Palmer's
presidential boom;

Formerly director of sales for the
Allen Property Custodian.

Back of this announcement lies a
story seldom equaled in American
business and political biography, all
the more picturesque because it
closely parallels the story of another
Guffey of the next preceding gen-
eration. For Joe Guffey is a nephew
of old Col. James M. Guffey, also of
Pittsburg, who is said to have made
and lost more fortunes in oil than
any other person in the United
States.

Mellons Picked Off Col. Jim.
Col. Jim was founder and head of
the Gulf Oil Co. till he was picked
off by the Mellons, also of Pittsburg,
just as Joe has been picked off by
No. 26 Broadway. Col. Jim was also
Democratic boss of Pennsylvania,
just as Joe later was to be. And, to
make it complete, Col. Jim lost his
power when, in 1912, he backed
Champ Clark for the presidency,
while Joe picked the winner, split
with his uncle, and backed Woodrow
Wilson.

Joseph Guffey was born in Green-
burg, Pa., 49 years ago, of parents
of moderate means, and has made
his own way. The death of his fa-
ther called him home before Prin-
ceton to his first job, in the Pittsburg
and postoffice. Then by force of ability
he got his real start as secretary of
the Philadelphia Co., the pub-
lic utilities monopoly of Pittsburg,
which he soon became general man-
ager. Twenty years spent there
taught him the oil game, and, enter-
ing a partnership with E. N. Gillespie
of Freeport, Pa., he went on from
one successful development to an-
other in West Virginia, Kansas and
Oklahoma.

By 1918, when the partnership was
reorganized and incorporated as the
Guffey-Gillespie Oil Co., it had be-
come one of the largest and most
successful in the Mid-Continent oil
field. In addition Guffey and Gil-
lespie, with other Pittsburgers, had
acquired 125,000 acres of oil lands
in Colombia. The Colombian syndi-
cate was formed to develop this
property and Guffey was made Presi-
dent.

About the same time "Agwi" de-
cided to enter the Mexican field and
organized the Atlantic Gulf Oil Cor-
poration, electing Guffey president.
In Mexico a grave question of policy
confronted Guffey. Carranza was at-
tempting to annul the land titles ac-
quired by foreign oil-producing com-
panies. The United States, Great
Britain and Holland had served no-
tice that they could not tolerate such
action and the companies were re-
fusing to recognize the legality of the
decrees.

Recognized Carranza Authority.
Guffey either had to decide to
await the solution of the interna-
tional question or recognize the au-
thority of Carranza. He chose the
latter course, and, in accordance with
the Carranza decrees, filed oil claims
and sought oil-bearing "permits" on
land, including acreage bought and
held in fee simple by other foreign
companies, such as the British Con-
trolled Aguilar and the American-
owned Huasteca and Mexican Pe-
troleum.

Practically ostracized by the other
foreign companies, the Agwi enter-
prise never prospered. The other
companies declined to transport its
machinery and drilling equip-
ment, and refused to make pipe line
connections. As a result, develop-
ment was delayed, and millions
of dollars had to be spent.

Guffey's friends trace to this op-
position and resentment the series
of bear raids on "Agwi" which be-
gan last winter, when "Agwi" stock
came down over 150 points. Then
the bears attacked Guffey-Gillespie,
which, in 1910, had made its ap-
pearance on the New York Curb,
and also in the Pittsburgh Stock Ex-
change around 22.

The chronological sequence must
be interrupted here to go back to
1912, when Guffey made his real
debut in the Democratic politics of
Pennsylvania. Till then, Joe had
been known politically only as Col.
Jim's nephew, but when Woodrow
Wilson stepped forth as a potential
candidate, Joe, a Princeton man,
decided for him. The older Guffey
tried to swing the State for Champ
Clark.

In the break that followed Joe
Guffey cast his political fortunes
with Vannoy McCormick and A.
Mitchell Palmer, and at a memora-
ble convention in Harrisburg, helped
to unseat his uncle as boss, and
paved the way for the Wilson nomi-
nation at Baltimore.

Uncle Never Forgave Him.
The uncle never forgave the ne-
phew. Soon afterward Col. Jim be-
came overextended in his oil op-
erations and control of the vast Gulf
Refining Co. passed to the wealthy
Pittsburg family of which Secretary
Mellon is a member.

Following the inauguration of
President Wilson, Palmer became
the Democratic boss of Pennsylvania.
His leadership was not suc-
cessful. The Old Guard resented
him. Guffey became Palmer's can-
didate for Governor in 1918. He
was defeated. But his campaign
brought him a wide acquaintance,
and in 1920 he was almost unani-
mously elected National Commit-
tee man.

He came to New York to act as
director of sales for Palmer, then
Allen Property Custodian. A few
months later the Guffey-Gillespie
Oil Co. was launched, and its re-or-
ganized found a ready market at
\$18 22 to 29.

The stock ultimately reached 40.
Then something happened. Call
money soared in a few days up to 35
per cent. The bottom fell out of the
stock market and Guffey-Gillespie
dropped to 30, where it stayed for a
long time.

HEAVY FINE FOR IMITATOR OF NUXATED IRON
Imposed by United States Judge
A heavy fine for violation of the criminal law for selling and trying to "pass off" on the public, fraudulent imitations of Nuxated Iron has been imposed by a United States Judge in Chattanooga, Tenn.
Nuxated Iron is an organic iron product like the iron in your blood and like the iron in spinach, lettuce and apples, while the iron which people usually take is metallic or mineral iron, and can be made much cheaper than Nuxated Iron, from the action of strong acids on small pieces of iron. On account of the large sale of Nuxated Iron—being estimated that over 4,000,000 people annually are using it—imitators found in it a fertile field for their fraudulent work.
Nuxated Iron has the largest sale of any tonic or blood builder in the world. It will often increase the bodily and mental vigor of weak, run-down, nervous people in two weeks' time. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. Nuxated Iron comes in tablets only—never in liquid form. Beware of substitutes. Look for the word "Nuxated" on every package and the letters N. I. on every tablet. For sale by all druggists.

**FRAUDULENT CERTIFICATE NEW
SCHEME OF LISTED DESERTER**

War Office Cautions Authorities to Beware of Any but Regular Forms.

By the Associated Press.
WASHINGTON, June 24.—A fraudulent certificate that his name had been listed in error, purporting to be signed by the Adjutant-General of the army, is the latest means adopted by a man listed as a deserter to evade arrest, according to a War Department announcement yesterday.

Many similar schemes will be contrived by men desiring to escape punishment, the statement said and it cautioned authorities to beware of any but the two accepted forms of certificate, one showing the man "discharged from draft" by due process and the other the regular military discharge.

Women's Overseas League Meeting.

By the Associated Press.
MINNEAPOLIS, Minn., June 24.—Women from 25 cities of the United States, as well as a number from Minnesota and the Twin Cities who served overseas during the war as relief workers, met here yesterday in the first conference of the American Women's Overseas League. The women will affect a permanent national organization and make plans for a national charter.

MORE TRUTH THAN POETRY

By James J. Montague.

FRIENDLY COUNSEL.

Members of Parliament are to be given passes on all British railroads.

Though Mr. Bull, I freely own,
Is qualified, on land or sea
To run his little job alone,
Without advice or help from me
And though he'll do as he thinks best
About his parliamentary classes,
I feel it's proper to suggest
He do not give his statesmen passes.

Time was our statesmen over here
Were never made to pay a cent
Although they often traveled clear
Across the mighty continent.
We never asked the birds for fares
No matter where they chanced to go,
Even sleeping berths and Pullman chairs
Were theirs, without a quid pro quo.

And thus it always happened when
En route for Butte, Des Moines or "Chi"
The average private citizen
No matter what our errand was
Our quest was always wholly vain
We had to stay at home, because
The statesmen crowded every train.

They broke the railroads, and besides
They never stuck beneath the dome
To do their lawful work, for rides
Were cheaper than to stick at home.
So Mr. Bull, pray take our tip
If you hear any statesmen say
He needs a little railroad trip,
Just let him go, but make him pay!
